699 (Leather Formula)

TEST DATA:	Test	ASTM Test Method	Typical Test Results
	Specific Gravity (H ₂ O = 1)		1.0
	pH		7.50
	Appearance/Color	Visual	Clear to hazy liquid
	Scent		New Car

PROBLEM: Food smells, pet odors, tobacco, molds and outdoor scents seep into the absorbent fabrics of the interior like a sponge. This imparts an unpleasant odor within the confines of the closed vehicle, which greatly diminishes driving pleasure.

SOLUTION: BG Interior Renewal provides a quick and easy way to renew a car's interior to a clean, refreshing environment. It is designed to cleanse the entire vehicle interior and neutralize disagreeable odors associated with smoke, spills, mold and mildew. Available in two refreshing fragrances: New Car and Leather.

- BENEFITS:**
- Eliminates disagreeable odors caused by smoke, spills, mildew and mold
 - May be applied directly to cabin air vents, upholstery, headliner, seats, door panels, carpet and trunk
 - Environmentally friendly
 - Safe for use around people and pets

USAGE: Using the BG Interior Renewal Applicator, spray product into cabin air vents and on upholstery, headliner, seats, door panels, carpet and trunk. Follow instructions included with BG Interior Renewal Applicator, Part No. 9698. For professional use.

BG Products, Inc., accepts no liability for excessive use or misuse of this product.
